## Isaiah Jeremiah Ezekiel: *The Prophets Who Prophesied*

with Dr. Dave Newton

### Preparations Part-2

[Great Isaiah Scroll – Israel Museum, Jerusalem]

# Background and Preparation - Isaiah Jeremiah Ezekiel

## TIMELINE

Jeremiah 25:11 The city [Jerusalem] will be *left desolate* and  
God's people will *serve* the king of Babylon for 70 years

Nebuchadnezzar 1<sup>st</sup> siege "the nation in service" 70 years

3<sup>rd</sup> siege "Jerusalem left desolate" 70 years

Generally assumed to be the SAME time period

HOWEVER: *service* began in 606 BC with the 1<sup>st</sup> siege  
city left *desolate* in 587 BC at the 3<sup>rd</sup> siege  
19 years between

## INTERESTING

Ezekiel 4:1-8 *lie on your left side 390 days to represent Israel in judgment, then lie on your right side 40 days to represents Judah in judgment*

430 years total judgment for God's people  
minus 70 years in Babylon [fulfills a portion of 430]  
leaves 360 years still to account for

Leviticus 26:18 *if after My judgment you will still not obey Me, I will punish/judge you seven times more for your sin* [noted 4 times v18 v21 v24 v28]

360 years remaining x 7 = 2,520 years *Caught attention as somewhat approximate to mid-20<sup>th</sup> Century*

OLD CALENDAR: 2,520 x 360 days/yr = 907,200 total days *Solar calendar*

OUR CALENDAR: 907,200 days at 365.25 days/yr *Siderial calendar*

CONVERSION: 907,200 days = 2,483 years 9 months 21 days

*Similar reasoning to Sir Robert Anderson and Daniel 9*

# Background and Preparation - Isaiah Jeremiah Ezekiel

## "SERVICE"

CONVERSION: 907,200 = 2,483 years 9 months 21 days

*Approximate? to mid-20<sup>th</sup> Century*

*What if very precise to an exact date?*

Jews **service** in Babylon declared over in 537 BC by Cyrus the Persian

IF as stated in "summer" July 23, 537 BC

2,483 yrs 9 mos 21 days in the future is **May 14, 1948**

The nation NO longer in service to: Babylon, then Medo-Persia, then under Greece, then Roman Empire thru 70 AD, then the Diaspora with NO official sovereign nation until Israel in 1948

Consider [Isaiah 11:11-12](#) [next slide]

## INTERESTING

Isaiah 11:11-12

*Then it will happen on THAT day* [specific-exact day MAY, 14, 1948?]  
*The Lord will again recover the second time with His hand  
the Remnant of His People, who will remain/endure from:*

*Assyria, Egypt, Pathros, Cush, Elam, Shinar, Hamath,  
and from the islands of the sea*

*He will lift up a standard for the nations and  
Assemble the banished ones of Israel, and will  
Gather the dispersed of Judah from the four corners of Earth*

# Background and Preparation - Isaiah Jeremiah Ezekiel

## "DESOLATE"

CONVERSION: 907,200 = 2,483 years 9 months 21 days

*Approximate? to mid-20<sup>th</sup> Century*

*What if very precise to an exact date?*

Jerusalem **desolate** and under others' control from 587 BC for 70 years

IF as stated in "late summer" August 16, 518 BC

2,483 yrs 9 mos 21 days in the future lands on **June 6, 1967**

City remained under the control of other nations Babylon, then Medo-Persia, then under Greece, then under Rome thru to 70 AD, then the Diaspora with NO control of Jerusalem until the **6-Day War**

# Background and Preparation - Isaiah Jeremiah Ezekiel

First 70 years of **service**: 606 BC to 537 BC

First 70 years of Jerusalem **desolate** in others' control: 587 BC to 518 BC

**19 yrs** separate these two events

Same 19 yrs between "Nation" in **1948** and "Jerusalem" in **1967**

- Most ancient calendars around the world ALL 360 days/yr [12 mos x 30 days each]  
after 701 BC calendars went to 365.25 *Siderial year* WHY?
- Plutarch [46-119 AD] *"the planets played a game of dice"* WHAT?

WHAT would cause shadow-retreat on a sundial?

- a) the sun moved
- b) the Earth moved
- c) the surface of the Earth's crust moved
- d) none of the above (*it's only allegorical*)

INTERESTING ASTROPHYSICS . . . . . *help explain dozens of O.T. accounts:*

- Numerous scientific theories about our solar system's origin
- WHY does Mars have obvious evidence of massive water flows/erosion?  
*Global flood like Noah? [no reasonable explanation]*
- WHY does Mars have >90% impact craters in just one hemisphere?
- WHAT is origin of the asteroid belt between Mars and Jupiter?
- DID Nineveh know what was coming when Jonah preached?
- WHY did David do 2 censuses in 972 BC?
- WHAT really happened on first Passover in Egypt in 1447 BC?
- HOW could there be a "Long Day of Joshua"?
- HOW could calendars add 5+ days? WHY sundial retreated 10 stages?
- WHY did ancient cultures FEAR the planet Mars?

*It appears the Ancient Cultures KNEW this!  
They understood the cycles of Earth-Mars  
They expected it. Planned for it.*

## Roche Limit:

*Gravity of 2 celestial bodies overwhelming impact on each other. Larger's gravitational force cause smaller to break apart.*

Earth-Moon Roche = 9,500km

Saturn's rings are within Roche

# Background and Preparation - Isaiah Jeremiah Ezekiel

Mars at 125,000 miles  
from Earth:

*Moving at 25,000 mph*

*Appearing for 7-8 hours*

*Massive gravitational  
crust, subcrustal magma  
tides, and tidal impacts*

*Shifts in Earth's surface  
re-locates Earth's poles  
alters Mid-East latitudes*

## MARS HAS 2 MOONS

- **Phobos** and **Deimos** [discovered by Asaph Hall 1877 at Naval Observatory]  
NOT visible without sophisticated telescope [low albedo, very dark]  
NO ONE could ever know of these pre-1877

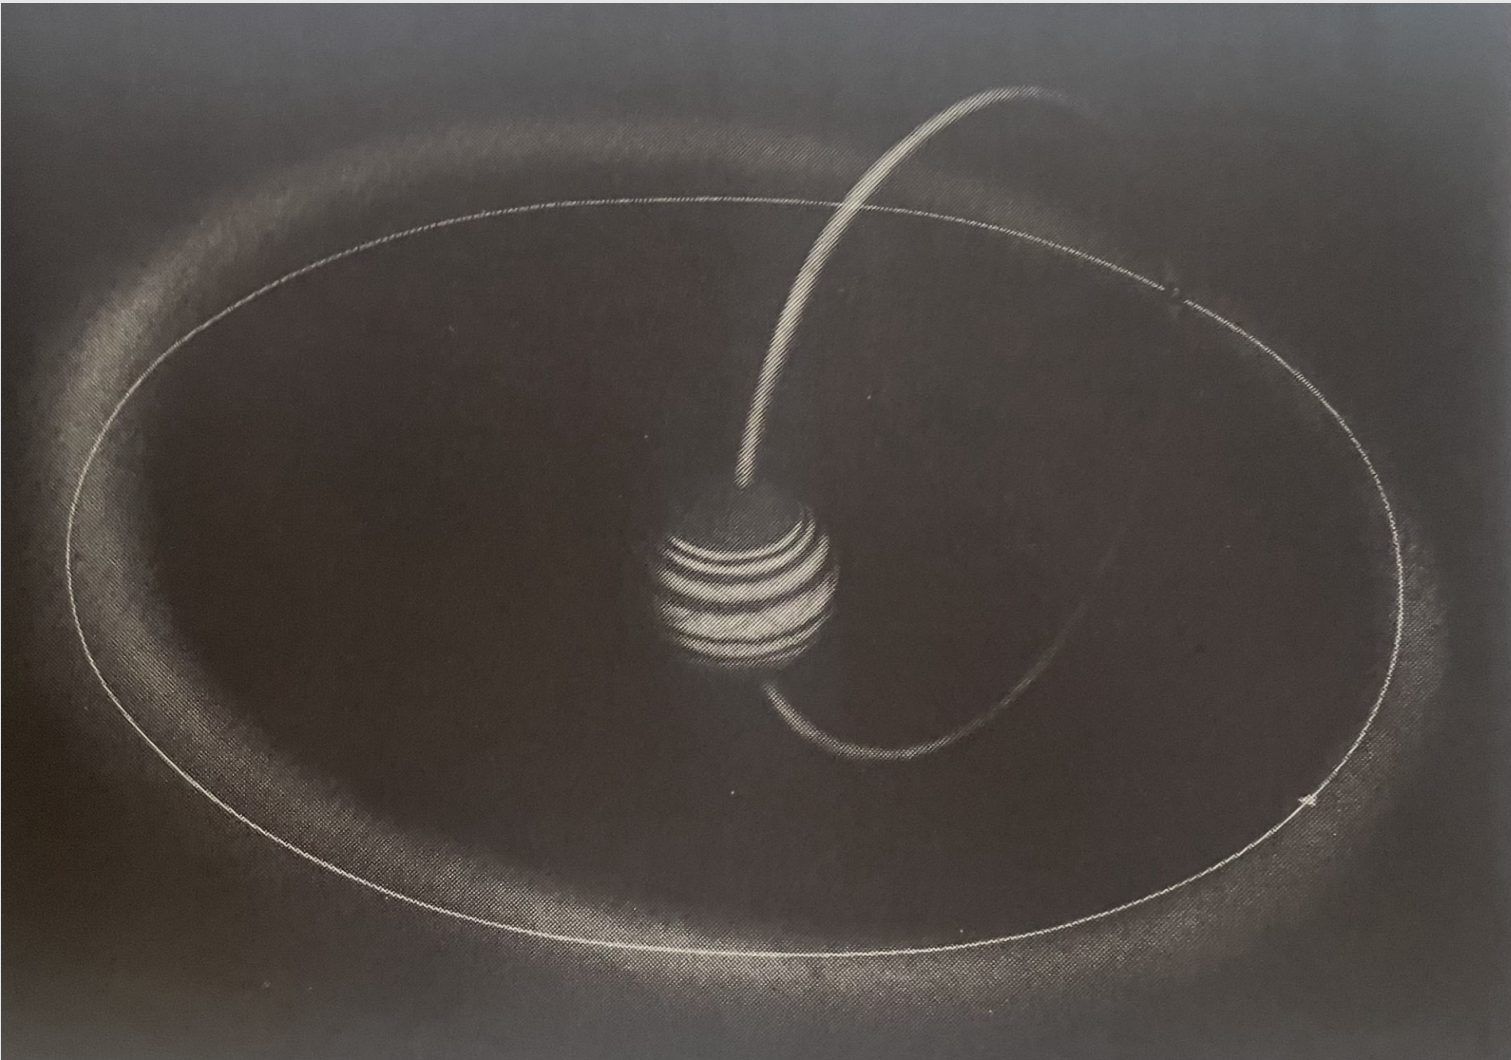

But, DID the ancients see these 2 dark satellites during close pass-bys?

- Jonathan Swift [Irish] *parody about England vs. Ireland and Scotland*  
*3<sup>rd</sup> voyage of Gulliver's Travels:*

Gulliver meets astronomers of Laputa who boast of knowing  
2 orbiting moons of Mars, but ***London astronomers do not!***

WHERE did Swift get that info? Perhaps ancient Far-East manuscripts?  
HOW else could he have known of Mar's 2 moons?

## SCIENTIFIC SUPPORT *Crustal slides*

- Studies of lava flows in Oregon show Earth's magnetic field can shift up to 6 degrees per day [much debate skepticism re: paleo-magnetism]
- Cataclysmic pole-shift hypothesis claims recent geologically rapid shifts in axis of Earth's rotation, causing floods, tectonic-plate shifts, rapid climate changes
- Earth's pole reversals are relatively common, reversing perhaps 183 times during *the last 83 million years*
- Tectonic plates of Earth's lithosphere have defined continents and ocean, and are constantly moving, driven by: dynamic movement in the mantle, dense oceanic crust interacting with the ductile asthenosphere, and planet rotation.
- many others . . . .

ONE EXAMPLE: from 972 BC

Psalm 18:7-15 and 2<sup>nd</sup> Samuel 22:8-16

*Earth shook-trembled Foundation of cosmos moved and shook - Smoke from nostrils first from mouth devoured coals kindled by it - He bowed the cosmos down with great darkness It rode upon the skies - seen upon wings of winds Made darkness pavilions around it - Thick clouds - Brightness before it kindled fires - Thundered from cosmos Arrows sent out like scattered lightning - Channels of seas appeared [massive waves] Foundation of world discovered at the blasts from its nostrils*

*2<sup>nd</sup> Samuel 24:14-17 the Lord sent a pestilence on Israel from MORNING until the "appointed time" and 70,000 men died [age 20+ does not include women, children] then this messenger stretched out its hand on Jerusalem to destroy it but the Lord ceased it then, as the messenger of the Lord raked over the threshing floor of Araunah*

*1<sup>st</sup> Chron. 21:14-16 the Lord sent pestilence on Israel and 70,000 men died - David lifted up his eyes and saw the messenger between Earth and the cosmos with a drawn sword stretched across the skies over Jerusalem*

# Background and Preparation - Isaiah Jeremiah Ezekiel

## YEAR EARLIER in 973 BC

- 107 years since last East-hemisphere fly-by NEXT YEAR is the arrival of Mars
- Jupiter's gravity also in place in constellation Cancer
- Advisers-Stargazers KNOW it's coming in ONE YEAR
  - ... but Daytime? Overnight? Shock-waves? Impact Jerusalem? Lightning fires?
- **2<sup>nd</sup> Sam. 24:1** *David does a census of the people BEFORE the fly-by destruction*
  - Most likely will require several months to complete
  - God saw this as David's lack of faith for protection
- **1<sup>st</sup> Chron. 21:11-12** *prophet Gad tells David he has 3 choices:*
  - 3 years famine or 3 months defeat by Philistines or 3 days pestilence from on high*
- David chose #3 **Mars at 67,000 mi reflected 10x moonlight for 'parts of 3 days'**
  - David + court looked W and "saw the messenger of the Lord"**
  - Greek Apollodorus wrote: 'saw Typhon rising from sea, bright hair brushing the stars'
- After **Mars** fly-by, second census taken: 70,000 men killed [plus 130,000 others?]
  - Israel population 2M [?] so 200,000 = 10% of the nation died!

# Background and Preparation - Isaiah Jeremiah Ezekiel

## SUMMARY

- Plenty of background on these 3 prophets
- Jeremiah specifically speaks of 70 years of service  
70 years Jerusalem desolate
- Ezekiel specifically speaks of exactly 430 years judgment  
360 years in addition to Babylon exile
- Leviticus notes judgment multiplied 7 times
- Isaiah specifically speaks of returning to the land [1948] and city [1967]
- Isaiah prophesying at the time of Assyrian Sennacherib's siege in 701  
Significant Earth impact to alter calendar-year +5.25 days
